  - f. **Eric Grant announced that the District 2 Supervisor's East County Sports Advisory Committee will be Monday, October 20 7-8:30 p.m. at the East County Office. He will represent our JDCPG at the meeting.**
5. **San Diego Gas and Electric Subcommittee Update – Linda Ivy reported that the committee** was looking at need, location and reliability due to the length of the line. She pointed out that we discussed the need and it turns out that it is the growth of the other communities that have led to the definition of need. We do not agree that the needs of other communities should force a substation to be built in our area. They did point out that we needed to have a substation in our area for reliability due to the length of the 17-mile line from Rancho San Diego. We are running between 60-70% capacity at this point. We feel SDG&E bought the land without public input, because they had a willing seller, and that is not the criteria that should have been used to determine the most effective location. **Linda Ivy** will contact SDG&E and ask for the studies done on all the sites including traffic, etc.
6. **Jamul Indian Village Casino Status Report and Recommendations;** No report but the question was asked what activity was going on there. No further report.
7. **General Plan Update – Dan Neirinckx** asked if we wanted to rewrite the whole plan or just make the changes that would be necessary to adhere to the new format. We would have an opportunity to make subtle changes to the conversion. The consensus was to stick to the original sub-regional plan making it conform to the new General Plan format

with an updated community character statement. Dan Neirinckx moved that the Group approve the consensus as stated above. Motion carried unanimously.

**8. JDCPG Officer's Announcements and Reports**

- a. **Community Block Grant Program meetings will be held. Eric Grant pointed out that he applied previously and Jamul is not an area that is qualified for the grants.**
- b. **Dan read a letter from Department of Parks and Recreation stating that after we allocated Steele Canyon High School \$300,000, the fund balance as of 7-31-08 was \$470,769. We voted to allocate \$350,000 to a turf field or (preferred choice) \$450,000 for synthetic field at Oak Grove Middle School for the community soccer/softball fields.**
